## THRIFT

If thrift does not come natural to you, cultivate it. Realize the fact that every man who has a dollar put aside is a capitalist.

We earnestly urge you to open an account with this bank for any sum. Either a Checking or a Savings account, in addition to being convenient encourages you not to use your money except in a wise way.

The prosperity you enjoy today does not guarantee you prosperity tomorrow. Changes in the business and industrial world may later on deprive you of your present measure of prosperity.

We Pay Interest On Deposits.

## CHANGE PROPOSED

Decimal Coinage System Again Advocated for Britain.

London, Aug. 13.—(Associated Press Correspondence.)—Proposals to establish a decimal system of coinage in Great Britain are again receiving attention in the newspapers. The latest advocates are soldiers returning from France, who have become accustomed to the decimal system in use there, and have quickly recognized its advantages.

The proposal is most generally endorsed in England is that the farthing be made the basis of the new system. There is already a coin of this denomination in use in England, its value being one-fourth of a penny, or about half of an American cent. It is proposed to make one hundred farthings equal to one shilling (the common two-shilling piece of English coinage, equivalent to 50 cents American.) This involves only a trifling change from the present system, whereby 96 farthings make one shilling.

Under the proposed system the units of money would be:

100 farthings make one shilling.  
10 shillings make one pound.  
The shilling would thus become an intermediate coin, representing 50 farthings, and the six-pence a similar intermediate coin, representing 25 farthings.

**Guatemala, Aug. 13.**—The destination of the Battleship Louisiana and New Hampshire enroute to Southern waters is practically certain. It is learned from the Navy Department that the vessels will be held within 24 hours of the Mexican coast.

## SPAN GOING AFTER SOUTH AMERICAN TRADE

Steamship Line Shortly to Be inaugurated Between Barcelona and Chile.

Barcelona, Spain, Aug. 9.—(Associated Press Correspondence.)—La Vanguardia of this city announces that an Ibero-Chilean Steamship Line will shortly be in operation between Barcelona and South American ports, having for its special aim the tightening of the commercial ties between Spain and Chile. The establishment of the steamship line has been materially aided by the government of both countries, and is the outcome of efforts even antedating the war.

The original purpose of the company to purchase its ships in Germany was prevented by the forced internment of German vessels after the outbreak of hostilities. Glasgow shipowners came to the rescue, however, and Clyde built ships will replace the German ships first planned.

The boats will sail from Barcelona, calling at a few South American Atlantic ports thence through the Straits of Magellan and up the entire Pacific coast of South America, serving Peru as well as Chile; through the Panama Canal and home again.

## "WHITE SLAVERS" IN CANAL ZONE

Government to Make Special Efforts to Break up Traffic on Isthmus.

Panam, Aug. 9.—Extraordinary efforts are being made by the American authorities on the Isthmus to break up the increasing "white-slave" trade in Central America.

The traffic has increased because of the war in Europe and the fact that a large number of American soldiers are stationed on the Canal Zone within a short distance from each of the two Panama towns of Colon and Panama.

Both of the night-life districts of these cities have been greatly extended until now they cover very large restricted areas.

It is difficult for the traffickers to bring girls into the Canal Zone because of the strict laws and the vigilance of the Canal Zone Police. This, however, is not the case in the republic.

It has been learned that a central agency has been established in San Jose, Costa Rica. The girls come into Panama by way of the island city of David in the province of Chiriqui which borders on Costa Rica.

Columbia, Aug. 13.—Governor Manning today appointed S. L. Goldsmith commissioner of Federal election for Greenville county, vice Oliver Sloan resigned.
